"Ideas don't whisper here - they roar"

ABOUT THINK TANK CAMPUS

A first-ever campus arena where early-stage founders pitch live in front of real investors — and can get funded on the spot.

Students don't watch it on TV. They experience it in the auditorium — raw, real and high energy.

The audience doesn't just sit. They learn, observe, react and get inspired to build.

WHY THIS EVENT MATTERS

- Founders get real investor exposure, not just workshops
- Students witness how funding decisions actually happen
- A live stage that turns ideas into companies and spectators into future founders

Note : All startup data would be shared with US & Indian investors

NATIONAL STARTUP FESTIVAL

This is not just an event — it's a national youth startup movement.

INVITATION LETTER

Dear Sir / Madam,

I am pleased to present an opportunity for your organisation to partner with Rebeline Presents: Think Tank Campus, a two-day national startup festival designed to bring together high-potential founders, investors, and a large youth audience at Lovely Professional University.

Think Tank Campus is built around real entrepreneurship. Across India, student and early-stage founders are no longer limited to ideas – many are building products, acquiring users, generating revenue, and preparing to scale. This platform has been created to showcase such startups while giving partners meaningful visibility within India's fast-growing youth and startup ecosystem.

As a sponsor, your brand will gain direct access to a highly engaged audience of students, early-stage founders, startup teams, investors, and ecosystem stakeholders. The event format includes live startup pitching in front of investors, a large-scale startup exhibition, networking sessions, and a digital broadcast, ensuring strong on-ground as well as online visibility.

Your association will position your brand at the centre of innovation, ambition, and entrepreneurship. Sponsorship benefits include brand presence across event creatives, stage backdrops, digital screens, exhibition areas, and official communication channels, along with opportunities for direct interaction with founders and attendees.

Think Tank Campus is not just an event – it is a platform that creates long-term recall and trust among young decision-makers and future leaders. We believe your organisation's participation would add significant value to the ecosystem while delivering meaningful brand impact.

We would be honoured to explore this association further and share the sponsorship deck outlining partnership categories and benefits. We look forward to discussing how this collaboration can be structured to align with your brand objectives.

Thank you for your time and consideration.

Warm regards,
Krishna Yadav
Founder & CEO, Rebeline
